

ANN WOOD VITTITOW

annwood.design
annparkerwood@gmail.com

I'm an empathy-driven designer in New York City with in-house, agency, and freelance experience. I use empathy, thoughtful strategy, design best practices, and wit to solve everyday experience challenges and bring brand stories to life. I'm looking to be a part of a team where I can lead conceptual work and execution, while mentoring junior talent and learning from leadership.

Experience

Graphic Designer/Illustrator

Ann Wood Vittitow Design | Freelance

New York, NY

Creates design systems grounded in strategy for B2B and B2C clients, communicating brand stories to increase revenue and meet business goals.

- Executes visual identity systems, style guides, print, advertising, social media, and digital
- Illustrates digital patterns to print on products and sell on e-commerce platforms.
- Manages 5-star Esty shop including inventory, production, customer relations, marketing, advertising, packaging and shipping, and illustration

Brand Designer

Johnson & Johnson | In-house

New York, NY

Full Time 06/2022–01/2023

Contract 01/2021–06/2022

Managed multiple projects including leading design of omnichannel services brand addressing low engagement in 6+ Janssen oncology therapies increasing treatment preparation from 50% to 95% and 100% of patients enrolling after introduction. Brand received runner-up in 2021 J&J Design Impact Awards.

- Collaborated with 100+ cross-functional team members to drive innovation by addressing over 20 unmet patient needs and behavioral nuances
- Delivered pilot within 6 month deadline; evolved and scaled brand to 4+ therapies
- Built visual system of brand concept, 50+ pages of brand guidelines, art direction across print and digital, photography curation, copywriting, and marketing
- Curated over 700 pages of strategic touchpoints, including customized welcome kits, that provide seamless support across holistic ecosystem
- Partnered with 10+ vendors to lead art direction across print and digital channels, marketing, packaging, and environmental

Initiated innovative patient-featured video/photoshoot for Janssen companion programs to incorporate diversity and decrease cost by over 40%.

- Presentation included business value, concept, visuals and styling, and recruitment strategy
- Translated complex research to digital tools and storytelling of user journeys for business teams.
- Developed set of 10+ FDA-approved documents for Janssen therapy program.
- Provided art direction with copywriters and clients, restructuring content and implementing visual design best practices of typography, color, layout, and composition
